Price/ Quotation

All HT window fashions™ (HT) products and parts pricing are FOB City of Industry, not including freight. The price is subject to change without notice.

To ensure order accuracy, complete order options and specification information, please use the HT order form. The HT ORDER FORM can be found on the last page of the price book and on the HT website at www.htwfonline.com. Make copies to get additional blank order forms when needed.

How to submit your orders

- **Online orders**

Online ordering is available on the HT website www.htwfonline.com with your dealer login ID and password.

You will receive the order confirmation via email within 24 hours after order is submitted.

The HT online ordering system provides you with convenience, accuracy, and expediency. Please call HT customer service to obtain the dealer login ID and password.

- **Email Orders**

Dealers are able to download order form from www.htwfonline.com, then complete the order form and submit it to emailorder@richview.com.

- **Fax Orders**

Faxed orders will be confirmed within 24 hours. Fax number is 626-839-8861.

Cancellation or Change Order

IMPORTANT! Due to the customized nature of our products, we can not accept changes or cancellations after orders have been put into production.

Order Tracking and Status

Order confirmations are sent via email within 24 hours of placing order. Please make sure you have your email on file with HT.

Faxed confirmations are available upon request only. To track your order or check the status of your order, please contact customer service with your work order number.

Lead Time

Typically, custom orders (less than 15 units) are manufactured and shipped within 5 business days. All custom and stock orders are subject to inventory availability. Orders placed after 2:30 p.m. PST are considered as next day business.

Contractor Quote/Commercial Quote

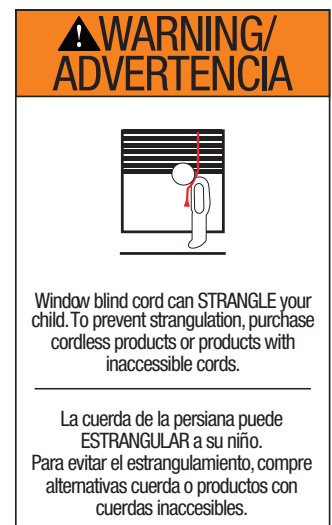

HT window fashions™ (HT) is an industry leader in providing medium and large contract/commercial quotes.

Contract/Commercial Quotation Requirements

- Minimum quantity for cellular shade and others: 15
- All stock shade quotes are valid for 3 days only.
- All custom shade quotes are valid for 90 days only.
- Expired quotes are subject to a 0.5% increase per month.

Quote policy

- HT does not guarantee stock shade availability in all sizes. Order quantities are subject to final confirmation.
- Shipping date will be confirmed upon placement of order and is dependent on stock availability, total units, production and scheduling considerations.
- Quoted price does not include tax.
- Any change, including but not limited to size, color, controls, quantity, ship to location, ship date or number of the shipments, may result in a change in price.
- Deposit may be required.

Freight

STANDARD SHIPPING & HANDLING, DELIVERY & FREIGHT POLICIES:

- \$6.00 freight charge per unit for the cellular shade.
- The minimum freight charge is \$15.00 per order.
- Oversize (94" or above) charge is \$85.00 per shipment without quality limit. Oversize charge is in addition to the freight charge.
- For the express shipment, shipment to Alaska, Hawaii and foreign countries, freight will be quoted separately.
- Freight collect and using preferred carrier is optional.
- Next Day, 2nd Day Air and 3 Day select shipping options are available. Actual freight will be applied.

FREIGHT DAMAGE AND SHORTAGES:

Please inspect all shipments immediately and carefully. Please report the damages and shortages on the delivery receipt and notify HT customer service within 48 hours. No freight damage claim will be accepted after 30 days from shipping.

The HT window fashions cellular shade collection is one of the most fashionable and comprehensive in the industry. We offer a variety of single cell and double cell cellular shade fabrics, from light filtering to blackout, in neutral tonal shades to rich pigment tones. The specialty fabrics such as sheers, slub wovens, prints, crushes, and Cell-in-a-Cell give you more choices and creativity. There are also fire retardant fabrics available for commercial applications.

Standard Features:

- 1/4" deduction will be taken for inside mount
- Aluminum headrail and bottom rail
- Right cord control
- Cord length is defaulted no more than 40% of shade drop height.
- Cord cleat is included for the corded shades

Day/Night Shade Features:

- Made with HT standard aluminum headrail and bottom rail
- The color of the top rail will match the top fabric; the middle and bottom rail will match the bottom fabric.
- The light filtering fabric on the top area, the blackout fabric on the bottom area.
- Standard control: right cord operates the bottom rail; left cord operates the middle rail. Reverse controls are also available.
- Cord length is defaulted no more than 40% of the shade drop height.
- Cordless control is available.
- Maximum size is 72"W x 72"H for both corded and cordless shades.

Skylight Shade Features:

- Skylight can only be mounted inside
- Finished size **must** be provided
- Color coordinated headrails, middle rails, bottom rails and fabrics
- The headrail including the end caps is 5/8" less than the finished size.
- the side rails are available in the color *white (001) only*
- Skylight poles are available in 2 options (ordered separately):
 - 3ft-5ft: \$17 each
 - 5ft-9ft: \$23 each
- No deductions will be taken by the manufacturer

Features

- To match other cellular shades in the home
 - Ideal for the patio doors, wide windows, and room dividers
 - The finished shades are available in **Left Stack**, **Right Stack**, and **Center Split**
 - Aluminum headrail and side rails are available in white color.
 - Integrated headrail. No valance needed.
 - Cordless design
 - Handle position is about the center of the moving rail.
 - Fabrics available in the most of the HT cellular fabrics*.
- * **NOTE** - The cellular slider shade is unavailable in the 9/16" linen print, 3/4" Cell-In-A Cell, and 7/16" double cell fabrics.

Perfect Arches (Do not require a template)

Perfect Arches are those where the radius of the circle is consistent at all points.

Non-perfect Arches (Require Templates)

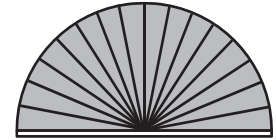

Non-perfect Arches are not consistent at all points. Deviation of even 1/16" makes it imperfect.

ARCHES

Width	MINIMUM = 18"	MAXIMUM = 84"
Height	MINIMUM = 9"	MAXIMUM = 48"

Non-movable arches

Non-perfect arches require templates

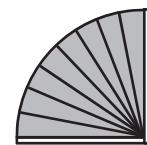

QUARTER ARCHES

Width	MINIMUM = 9"	MAXIMUM = 50"
-------	--------------	---------------

Non-movable quarter arches

Non-perfect quarter arches require templates.

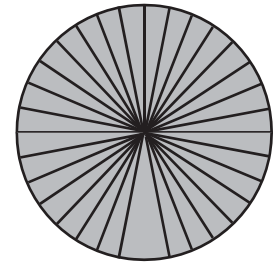

CIRCLES

Width	MIN 9/16" = 9"	MAX 9/16" = 42"
Width	MIN 7/16" = 12"	MAX 7/16" = 42"

Non-movable circles

Non-perfect circles require templates.

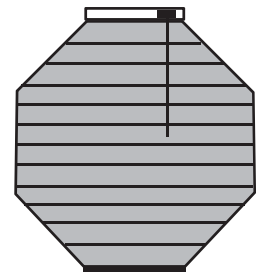

OCTAGONS

Width	MINIMUM = 12"	MAXIMUM = 48"
Height	MINIMUM = 12"	MAXIMUM = 48"

Measurement of all 8 sides are needed.

Templates are required.

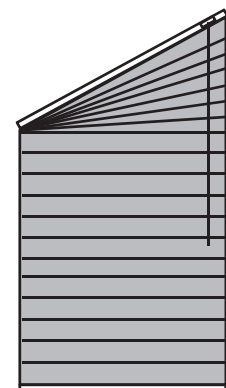

TRAPEZOIDS

Width	MINIMUM = 12"	MAXIMUM = 60"
Height	MINIMUM = 12"	MAXIMUM = 72"

Longer side drop can not exceed 130% of shorter side drop.

Measurement of all 4 sides are needed.

Specialty cellular shades are not available for sky lights.

Simple Touch® Wand motorized shade is operated by 8 AA batteries. The motor can support a shade up to 9 lbs. This unique cordless, battery powered shade has a control on a wand handle. Consumers do not need to worry about where the remote control is. Simple Touch® Wand cellular shades are made with the heavy duty headrail and finest cellular shade fabrics. We offer a variety of options for the consumers' convenience. The shade has the standard setup of upper limit and lower limit.

Simple Touch® Wand

No Remote Control Needed

WAND:

- Standard: half of the drop of the shade
- Wand is clear with white cord inside
- Minimum wand length: 12"
- Maximum wand length: 60"

***NOTE:** Standard wand control is on the right side unless specified.

POWER OPTIONS:

- Complimentary 8 AA Alkaline batteries are included. Lithium batteries are recommended for durability.
- Power adaptor - 70" cord including cord length inside the headrail.
- Replacing the batteries does not affect current shade set up.

***NOTE:** Battery life expectancy is estimated around 1 year for Alkaline battery (depending on frequency of operation and material weight).

For example, a 72"x72" single cell light filtering shade can go on 500 operation cycles. Lithium batteries last longer than Alkaline batteries.

BATTERY REPLACEMENT:

When Alkaline batteries are running low, shade will start to operate at a slower speed; indicating a replacement of new batteries are needed.

BATTERY BOX LOCATION:

- Standard: inside the headrail without battery box cover
- Outside the headrail: Battery box can be installed outside the headrail.
- Battery box cover is needed when the battery box is moved outside the headrail. Cover is included in the hardware bag.

- *NOTES:**
- When the battery box is moved to outside of the headrail, the cord can go through between the headrail and window frame.
 - When moving battery box outside of the headrail, the minimum width can be reduced to 24"W. (Optional)
 - Extension cord (optional) is available if needed. Extension cord is ordered separately.

COLOR COORDINATION:

- Simple Touch® Wand cellular shade follows our standard color coordination chart
- Color coordinated headrail, bottomrail, and end caps

UPPER LIMIT, LOWER LIMIT AND FAVORITE POSITION:

Simple Touch® Wand cellular shade is preset with upper position at 0", and lower position at ordered drop.

Consumers can set up favorite position followed by the instruction on www.htwfonline.com.

INSTALLATION:

Simple Touch® Wand cellular shade is installed with heavy duty brackets. Installation instruction and programming guide is included in the hardware bag.

WARRANTY:

Standard HT warranty on cellular shade - 3 years for the Simple Touch® Wand shade

Simple Touch® 15-Chanel Remote Custom Cellular Shades

The **Simple Touch®** Remote control motorized shade is operated by 8 AA Lithium batteries. It's operated by a 15-channel remote. The motor can support a shade up to 15 lbs. This motorized shade comes with 8 AA lithium batteries. It is an economical option to meet your budget. The operation system also comes with options of top down bottom up and Day/ Night. The Simple Touch® remote cellular shades are made with the heavy duty headrail and finest cellular shade fabrics. The shade has features of setting upper limit, lower limit, and your favorite position. The motorized shade will be programmed with top limit and bottom limit before ship out. The programming instructions are available on www.htwfonline.com.

REMOTE, TOP LIMIT, BOTTOM LIMIT, AND MY FAVORITE POSITION

Simple Touch® Remote Regular Cellular Shade

- Top limit is preset with upper position at the very top.
- The bottom limit is preset with a lower position at ordered drop.
- Controlled by a 15-channel remote, please see image at right.

Simple Touch® Remote Top Down Bottom Up and Day/ Night Cellular Shades

- Top limit is preset with both middle and bottom rails at the very top position.
- The bottom limit is preset with both middle and bottom rails at a lower position at ordered drop.
- Controlled by a 15-channel remote, please see image at right.
- This Simple Touch® Remote can control the middle rail and the bottom rail individually or together at the same time.
- The right buttons on the Simple Touch® Remote are designed to control the middle rail. The left buttons control the bottom rail.

My favorite position can be set up followed by the programming instruction on www.htwfonline.com.

Measure each window individually as sizes may vary. Measure width first, then height (length) to the nearest 1/8". Measure width from left to right, height from top to bottom using a metal tape measure. **PLEASE DO NOT USE A CLOTH TAPE!**

Inside Mount:

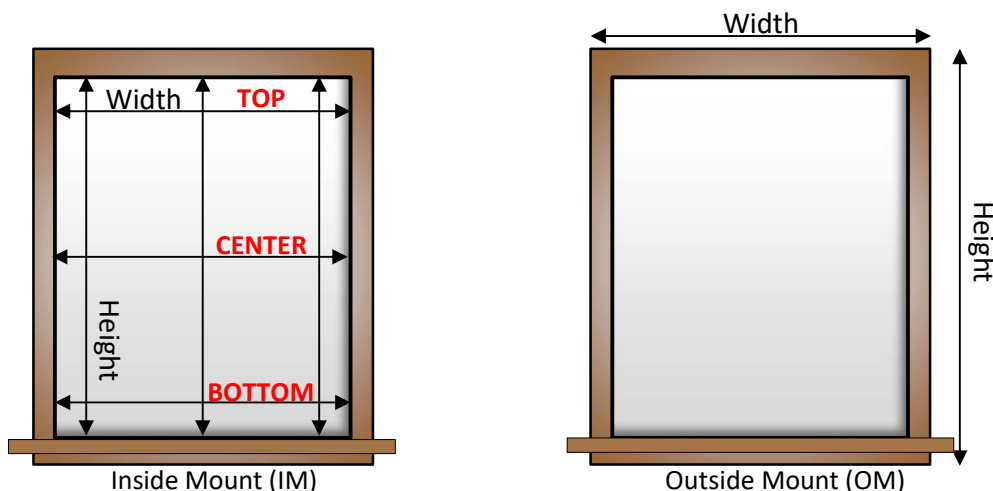

Inside mount shades are installed inside the window frame.

1. Measure the exact inside width of the window frame from one inside edge to the other. Take three measurements - one near the top, one in the center, and one near the bottom. Record the narrowest measurement.
2. Measure the exact height in three places: left, center and right from top edge of opening to top of sill. Record the longest measurement for horizontal blinds.
3. Do not take deductions on inside mount measurements. The factory will take an 1/4" allowances for operating clearance.
4. Measure the window diagonally in two places as shown. If the two diagonal measurements are not the same, we suggest an outside mount application for the best shade performance and appearance.

Outside Mount:

Outside mount shades are installed outside the window frame, covering an area larger than the window itself.

1. Measure the exact width of the area to be covered. Be certain the measurement overlaps the window opening by at least 1-1/2" on each side to ensure privacy and light control.
2. Measure exact height to be covered, including desired overlap (usually from top edge of molding to bottom edge, or to top of sill). If there is no sill, measure to where the blind is to reach.
3. The factory does not make deductions for an outside mount.

For more questions about how to measure your window, please contact HT customer service at 1-800-879-9512.

 WARNING/ADVERTENCIA	
	Window blind cord can STRANGLE your child.
	To prevent strangulation, purchase cordless products or products with inaccessible cords.
	La cuerda de la persiana puede ESTRANGULAR a su niño. Para evitar el estrangulamiento, compre alternativas cuerda o productos con cuerdas inaccesibles.

What is covered by warranty:

- Warranty is offered to the original owner.
- Warranty applies only to the products properly installed in the window for where they were intended, following the installation instruction, care guide, programming instruction, and recommendations from HT window fashion.
- Warranty covers the products made and assembled solely with HT original material.
- Warranty will repair or replace the product solely at HT's option due to defective material or poor workmanship.
- This warranty gives you specific legal rights and you may also have other rights, which vary from the state to state.

What is not covered by warranty:

- This warranty does not apply to any HT products damaged by accident, misuse, abuse, direct exposure to salty air or improper moisture, discoloration due to sunlight, under exposure or irregular temperature.
- This warranty does not apply to conditions caused by normal wear and tear upon the product. It does not apply to any product damaged by fire, flood, wind, rain, lightning, or other act of nature environment.
- In no event shall HT be liable for incidental or consequential damage, loss, cost, expense or fee.
- Warranty does not apply to liquidated or discontinued items.
- Warranty does not include shipping charges.

Shipping and return fees:

- Within 6 months -
HT pays for return on the repairs within 6 months of receipt of the products. HT will ship the products back to the customers for free.
 - From 6 months to 3 years (the warranty period) -
The customers are responsible for the return shipping. HT will cover the repair cost and ship it back for free.
 - After the warranty expired -
The customers are responsible for all shipping and repairing charges.
- * **NOTE** - The free shipping and return are valid for GROUND service only.

How to obtain warranty service:

Please contact HT Window Fashions customer service with the following information:

- Original sales receipt
- Model and identification numbers
- Detail description of defect

The undersigned, in consideration of you extending credit at my request to _____ (hereinafter referred to as the "Company") hereby personally guarantee to you payment of any obligation of the Company and I hereby bind myself to pay you on demand any sum which may become due to you by the company whenever the Company shall fail to pay the same. It is understood that this guaranty shall be a continuing and irrevocable guarantee and indemnity for such indebtedness of the company. I do hereby waive notice of default, non-payment and extension of credit. The undersigned guarantor agrees to pay, in the event the amount becomes delinquent and is turned over to any attorney for collection, attorney's fee and all attendant collection costs. It is understood that this guaranty may be enforced without first having to sue the corporation of business which has incurred the debt. For purposes of the guaranty it is agreed that I will be responsible for the corporate or business debt even though my name does not appear on the invoices or billings.

By: _____ (Print Name) _____ Date _____

TERMS	Due and payable in full within established time from date of invoice unless otherwise agreed upon in writing.
LATE PAYMENT	Past due amounts are subject to late payment service charges of 1.5% per month, HT reserves the rights to hold customer orders, switch payment terms, submit delinquent account history and information to industry credit agencies, and pursuit legal actions.
NSF CHECKS	A service charge of \$30 will be applied to each returned check.
RETURNS	No returned goods will be accepted without authorization and freight charges must be prepaid by customer. HT does not accept returns other than stock blinds. HT only accepts stock blinds returns when all the following conditions are present: Merchandise (s) with un-opened boxes and not cut downs; HT must receive the return merchandise (s) within 14 days from the invoice date. Note: All returns are subject to a 20% restocking fee.
FREIGHT DAMAGE CLAIMS	Customer assumes full responsibility of all goods when goods are received and signed for by Customer or Agent (including any obvious or hidden freight damage if Supplier is not notified within 48 hours).
TITLE	Title to any and all goods or materials hereafter purchased shall remain with Supplier until the full purchase price has been paid.
FAILURE TO PAY OR INSOLVENCY	Failure by customer to pay any part of the purchase price when due, or in the event that proceeding in bankruptcy, receivership, or insolvency are instituted by or against Customer or his property, supplier may, at its option, cause the entire unpaid balance to become due and immediately payable, and supplier shall have the right to enter at anytime without notice upon the premises where any of the materials purchased by Customer are located. Customer hereby expressly waives any right to action which may occur by reason on the entry for taking possession of or the selling of said materials and agrees to pay all costs incurred with respect thereto including service charges, all 3rd party collection fees, finance charges, reasonable attorney's fees and court costs.
ENTIRE AGREEMENT	This Agreement covers all materials which Customer may hereafter acquire at any time from Supplier. This contract constitutes the entire Agreement with Supplier. No waivers or modifications shall be valid unless the same are in writing and executed by both parties hereto. This contract shall apply and accrue to the benefit of, and be binding upon, the heirs, executors, administrators, successors, and assigns of the respective parties. This Agreement applies to all invoices involving labor, product or services rendered by Tehdex Corp.
LITIGATION	In the event of any litigation arising out of this agreement, Supplier shall be entitled to its reasonable costs and expenses incurred including attorney's fees.
STATE LAWS	This Purchase Agreement shall be governed by the laws of the States of California.
RECEIPT OF A COPY	Customer hereby acknowledges the receipt of a copy of this Agreement at the time of its execution.
